

Christie Ward, CSP

The Impact Institute

Christie knows firsthand what motivates people to change their ways — how to restart their lost momentum — and help them muster the courage to overcome even the most daunting obstacles. She works with individuals and teams who want to learn skills that impact their lives and their organizations. For seven years, she coached and managed 200 of the best professional trainers around the world for CareerTrack , Inc. She is the source of incredible personal success stories including changing direction in her mid-40's to lead a multi-million dollar sales team, and maintaining a 90 pound weight loss since 1985. As a certified speaking professional (CSP) she employs accelerated learning techniques and designs curriculum that speaks to today's adult learner. She is past president for the American Society of Training and Development (ASTD) Rocky Mountain Chapter and is the currently President elect for the National Speakers Association of Colorado, where she has been member of the year for the last two years. She serves on the National Advisors to Chapters Board for ASTD and has facilitated a Gold member alliance program for the Denver Metro Chamber of Commerce since 2007. Christie brought union grievances down 66% with a program for AT&T in Denver in 2004 and won a Best Practices award from ASTD for it. Her work gets results. She personally coached the World Champion of Public Speaking for the year 2000!
